can become an Official Sponsor of this  
prestigious event!**

Canada's forest Contribute significantly to the high standard of living, clean air and water that we enjoy. Canada is a forest Nation which contributes 10% of the worlds total forested area. As Canadians, we depend on and need our forest for Economic, Environmental, and Social benefits.

## **Our Forest Economy**

From pulp and paper to mushroom harvests, our forests have a long-standing tradition of providing sustenance, employment, business opportunities and economic growth. Hundreds of thousands of jobs and more than 340 communities coast to coast rely on the forest. Indeed, the Canadian economy itself is well strengthened by this vast natural resource. Keeping our forests strong and productive is an investment in our environment, our economic health and our future.

## **ADDING VALUE TO AN ALREADY ACTIVE EVENT**

CAN-USA in Sault Ste. Marie has been chosen as the new location for the Premier Heavy Equipment and Construction Expo ( Road Construction, Site Preparation, Steel, Welding & Fabrication, Value Added Wood Products and Log Home Construction combined with the now very popular and well attended Forestry and Private woodlot Expo of the region, makes this event A MUST SEE SHOW for ALL.

**is the place to be in 2008!**
